

## RomHack 2018 Call For Papers

[Cyber Saiyan](#), a non-profit organization involved in the promotion of the Cyber Security and Ethical Hacking culture, is glad to announce the opening of the Call For Papers to receive speech proposals for the [RomHack 2018 Event](#).

RomHack 2018 is a free Cyber Security Event, organized by Cyber Saiyan, that **will take place in Rome on the 22nd of September**.

The theme for the first edition is:

**Attack & Defense Strategies in a teaming perspective focused on real scenarios**

If you want to propose a speech, send us your candidacy filling up the following document. We suggest you to be as accurate as you can, to ease the evaluation of your proposal by the Technical Committee.

**You can reply to the Call For Papers until the 15th of June, 2018.**

**The results will be provided after the 15h of July, 2018.**

The first section of this document will cover the proposed speech details - you can fill in all the useful information to help the Technical Committee to better evaluate the proposed speech - while the second is dedicated to the speakers personal information.

Any speech must be in topic with the RomHack event theme. The duration of the speech will be about 50 minutes

Save the pdf document and send it to [cfp@romhack.io](mailto:cfp@romhack.io)

[ Fields marked with \* are mandatory ]
